Re: Radiation Analysis Summary - North Pacific Albacore Tuna - Thunnus Alalunga

To Whom This May Concern,

Please find below a statement from Eurofins CAL regarding the American Albacore Fishing Association's analysis results:

*I have reviewed the data for samples submitted to Eurofins CAL since early 2011 and we see no detectable amounts of radiation since the beginning of the sampling periods. There is no observable trend in the data.*

*Kindest Regards,*

*John Reuther*
